# BRANDS

## AVAILABLE FROM DCC

# LATEST TECH TREND

Windows 11

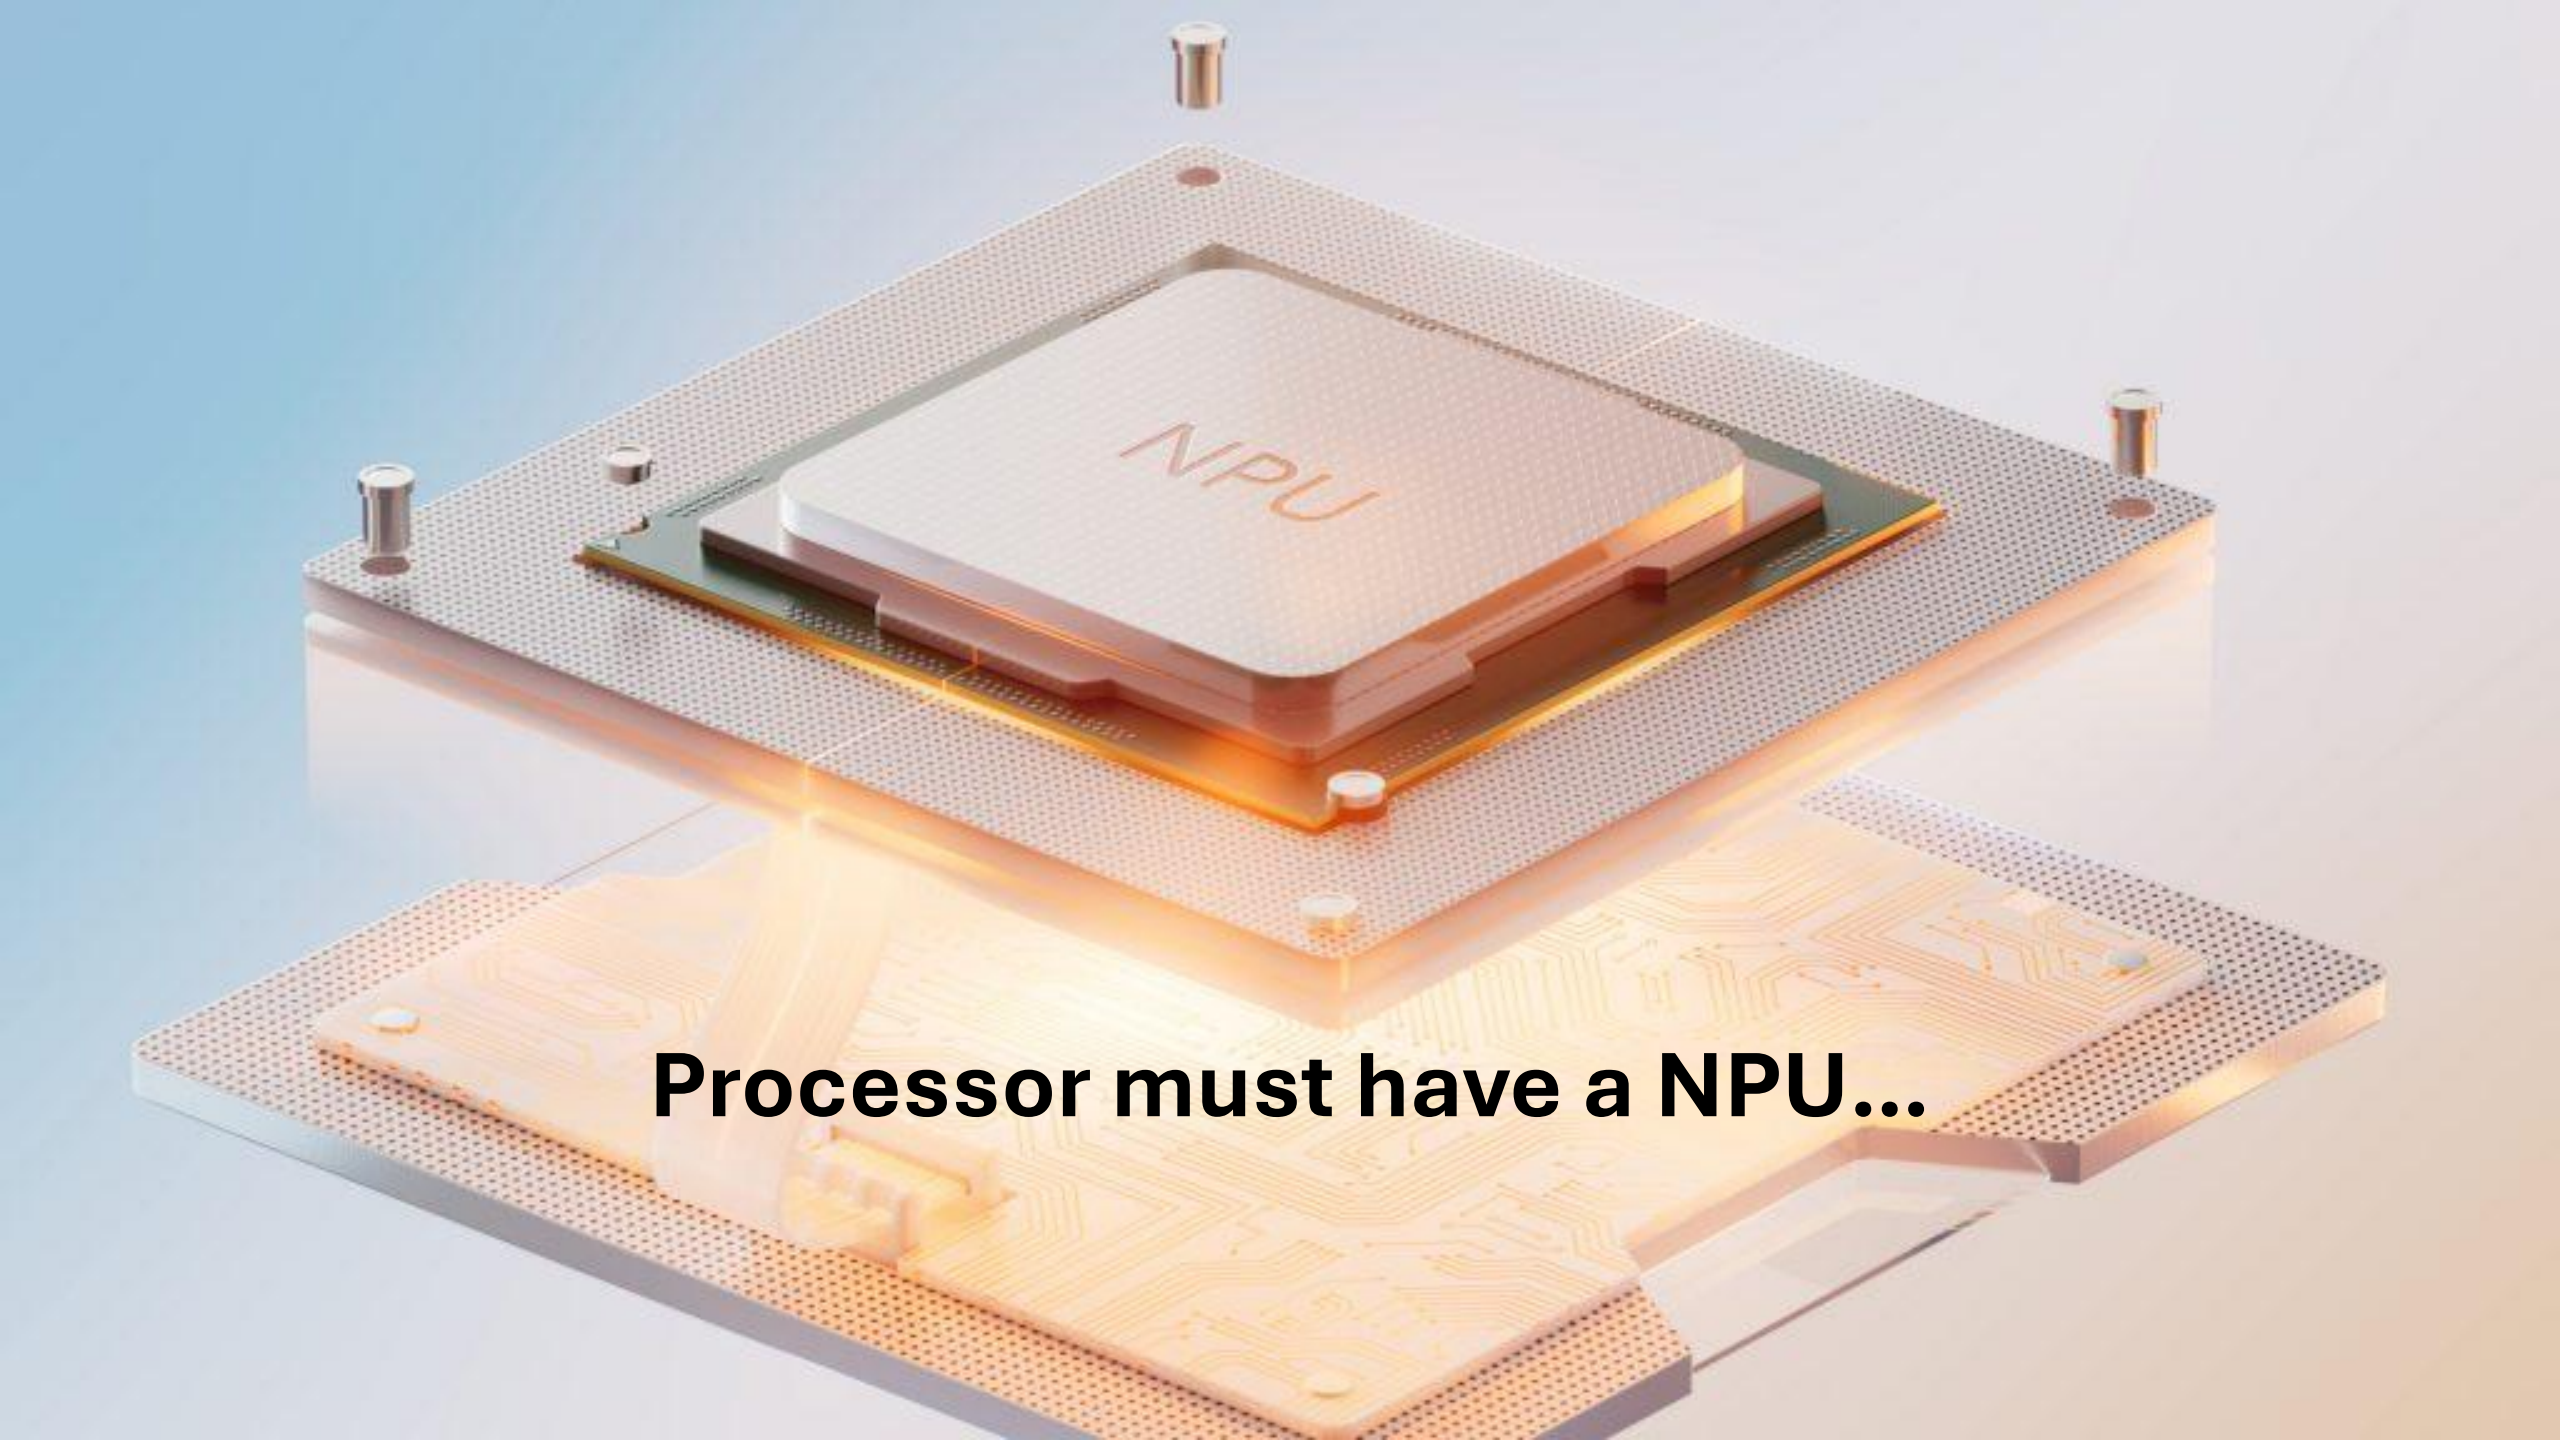

# AI is redefining the employee experience

**81%** of the workforce now use AI at work (+7% Y/Y)

**70%** of the skills used in most jobs will change by 2030[2]

**~2X** Increase in professional fulfillment when employees use AI at work[3]

**Processor must have a NPU...**

# Powered by AI with Integrated NPU

## 3 productivity engines:

**CPU** – ideal for light-weight, single inference low-latency AI workloads like applying photo filters in Photoshop

**NPU** – dedicated low-power AI engine ideal for sustained AI tasks like using Windows Studio Effects background blur during a video call

**GPU** – ideal for AI-accelerated digital content creation where workload requires more power like Premiere Pro

HP Confidential. For HP and Partner use with Customers under HP CDA only.

# Understanding AI PCs

## AI PCs

- Any NPU
- Copilot Key

AI PCs today have been defined by IDC[4] as any PC with a CPU, GPU and an NPU with less than 40 TOPS.

## Next-Gen AI PC

- 40-60 TOPS NPU
- Purpose-built for knowledge creators to do more with local AI
- Meets Microsoft Copilot+ PC standards

Next Gen AI PCs today have been defined by IDC[4] as any PC with a CPU, GPU and an NPU with between 40 and 60 TOPS.

HP Confidential. For use by HP or Partner with Customers under HP CDA only.

# Let’s clear up some Copilot confusion

## Copilot

- Service available in Free, Pro, & M365 for work accounts
- Today runs in the **cloud**
- Requires an **active subscription**

≠

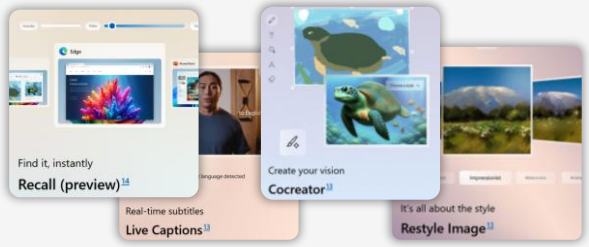

## Copilot+PC

- Refers to a **next-generation PCs designed for AI**
- Engineered for **on-device AI**
- **No subscription required**
  Includes AI experiences built in

HP Confidential. For HP and Partner use with Customers under HP CDA only.

# What's in an AI PC for Customers Today

# HP OFFICE PRINT

Windows 11

# What do you see?

# Today's printers look a whole lot like PCs

Hardware

Firmware and software

Internet

Email

Network access

# Reducing risk through effective print security

- The industry view of cyberattacks has changed to "**when** it happens" instead of "**if** it happens"
- Post-attack management of risk and impact determines organisational stability
- **Printing fleets are often still not part of most organisations' security policies**
- Protecting the data that flows to and from printers and MFPs is as important as protecting the devices themselves
- **Insecure imaging and printing infrastructure remains one of the weakest links in most organisations**

Protected by

**HP Wolf Security**

# HP 200 Series G2

Lighter and smarter for modern SMBs, schools, and government.

## Sharper video meetings. Secure, facial login.

Equipped with a **Full HD webcam** and **infrared (IR) sensor**, this upgrade enhances video clarity and enables secure facial recognition login[12]. Ideal for remote meetings and hybrid work environments, it delivers sharper visuals and faster, more secure access.

## Performance where and when you need it

Powered by the latest Intel® and AMD processors[1i, 1a], this laptop delivers smooth, responsive performance for every task. With support for **next-gen Wi-Fi 7**[4]**, DDR5 memory**[2], and **fast SSD storage**, you can multitask efficiently, load files quickly, and stay reliably connected wherever business takes you.

## Up to 68 Wh battery to handle long work sessions, in and out of the office[3]

Stay productive from the first meeting to the last without reaching for a charger. With battery options up to 68 Wh, this device delivers reliable, all-day power to keep teams connected wherever business happens.

## RFP (Request for Proposal)-compliant essentials

Equipped with **RJ-45**, **Kensington Security Lock**, **dTPM 2.0**, **spill-resistant keyboard**, **USB-C® with Power Delivery** and DisplayPort, and a fingerprint reader. These features meet the key requirements for enterprise and public-sector RFP standards.

## Help protect our shared future

Contains at least 50% Post consumer recycled plastic on D cover. TCO 10 certified, with 100% sustainably sourced corrugated cushions and outer box packaging.[5,6]

HP Confidential. For use by HP or Partner with Customers under HP CDA only.

# For learners and those who lead it.

## HP 200 G2 Series

AMD / intel

### Fast, reliable performance

Wi-Fi 6/7 for stable connection across campus.[4]

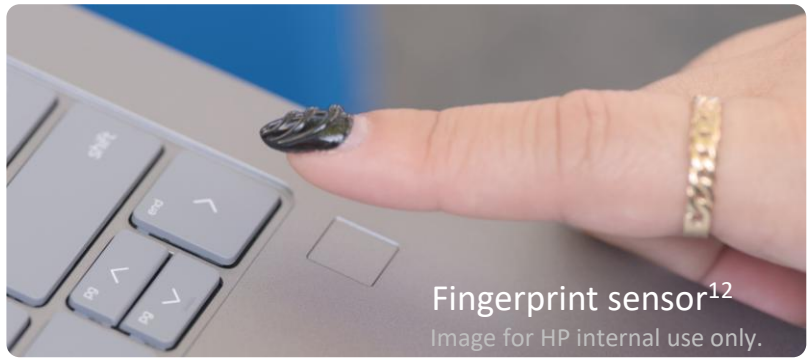

### Spill-resistant design

MIL-STD-810 tested, durable design for the rush of school.[11]

### Power through the school day

Reduce mid-day charging with up to 68 Whr.[3]

## Durability to work & move with confidence.

Undergoes MIL-STD 810H testing[11] for hardware and systems to help ensure your HP laptop meets or exceeds HP durability standards.

Image for HP internal use only.

## Security for protection & convenience

- TPM 2.0 for business data protection.
- Facial recognition and fingerprint sensor for quick login.[12]

## An upgraded experience in a cost-conscious device

### Built-in Copilot key

One tap unlocks AI that drafts content, summarizes data, and sparks creative brainstorming—a digital teaching partner on demand.

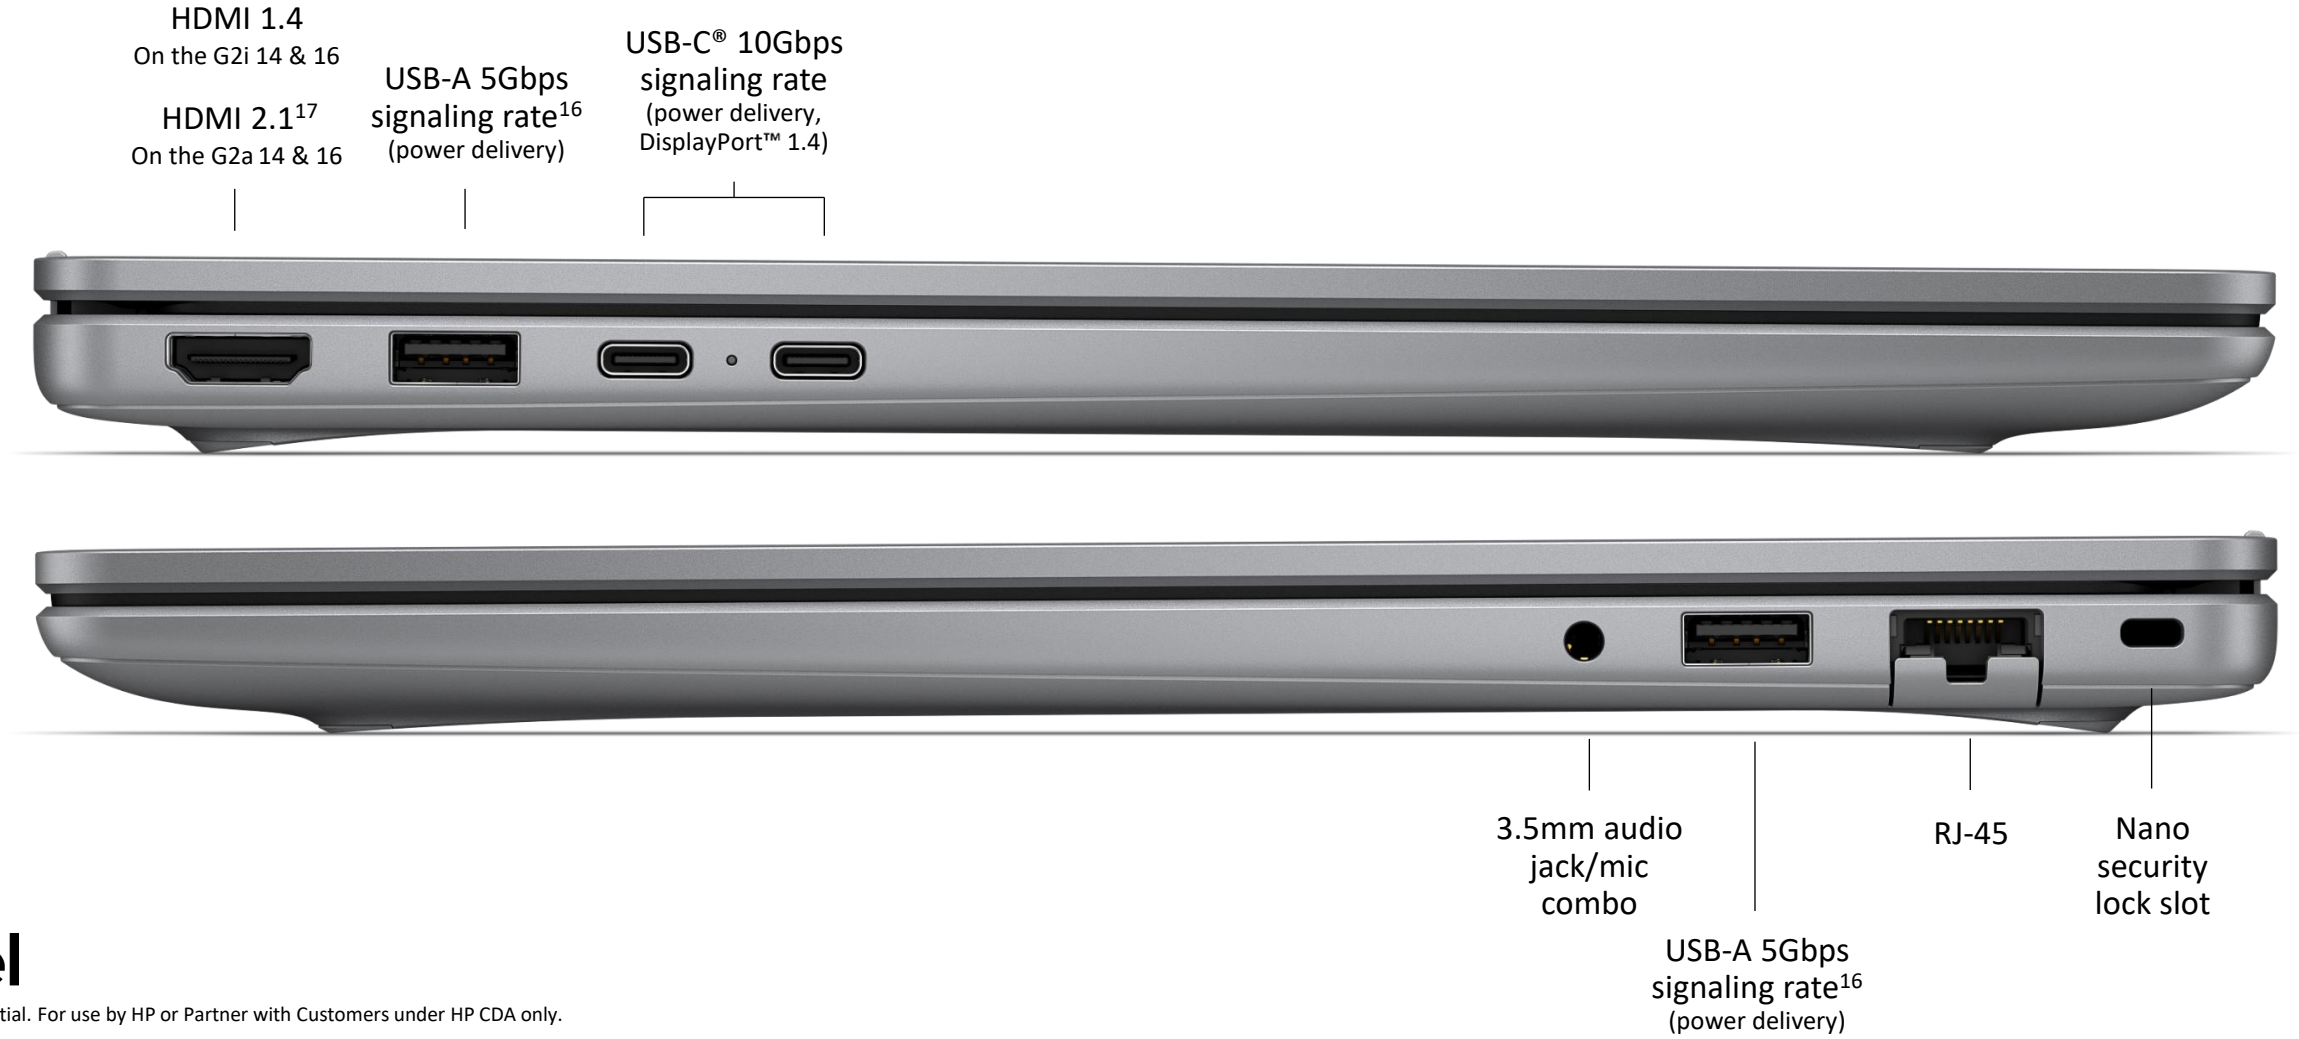

### Don’t settle for less

The HP 200 G2 Series exceeds expectations with HP AI Noise Reduction and vivid OLED display options in a modern design.

HP Confidential. For use by HP or Partner with Customers under HP CDA only.

# HP ProBook 4 G2 Series

### Next-gen connectivity

Wi-Fi 6E / Wi-Fi 7, 5G WWAN & HP Go.[4,5,17,25]

### Power for the busiest days

Reduce mid-day charging with up to 68 Whr.[13]

### Lightweight, sleek design

Starting at 1.27kg and 19.9mm[26]

intel. / AMD

## Daily productivity, advanced by AI

Copilot+PC [1]

**The latest Intel® Core™ and AMD Ryzen™ processors**[12,44] with built-in NPUs[3] deliver up to **50 TOPS**, powering faster strategic planning, content creation, and productivity tools.

Available on select models.

### Protected by HP Wolf Security [21]

including BIOS-level safeguards and TPM 2.0.

### Fingerprint sensor

Optional and secure, for quick login.

### IT serviceability, made simple

## 360° to work your way

on the HP ProBook 4 Flip G2i 13”

Convertible design lets modern workers switch seamlessly between **laptop, tent, and tablet modes** to support every task.

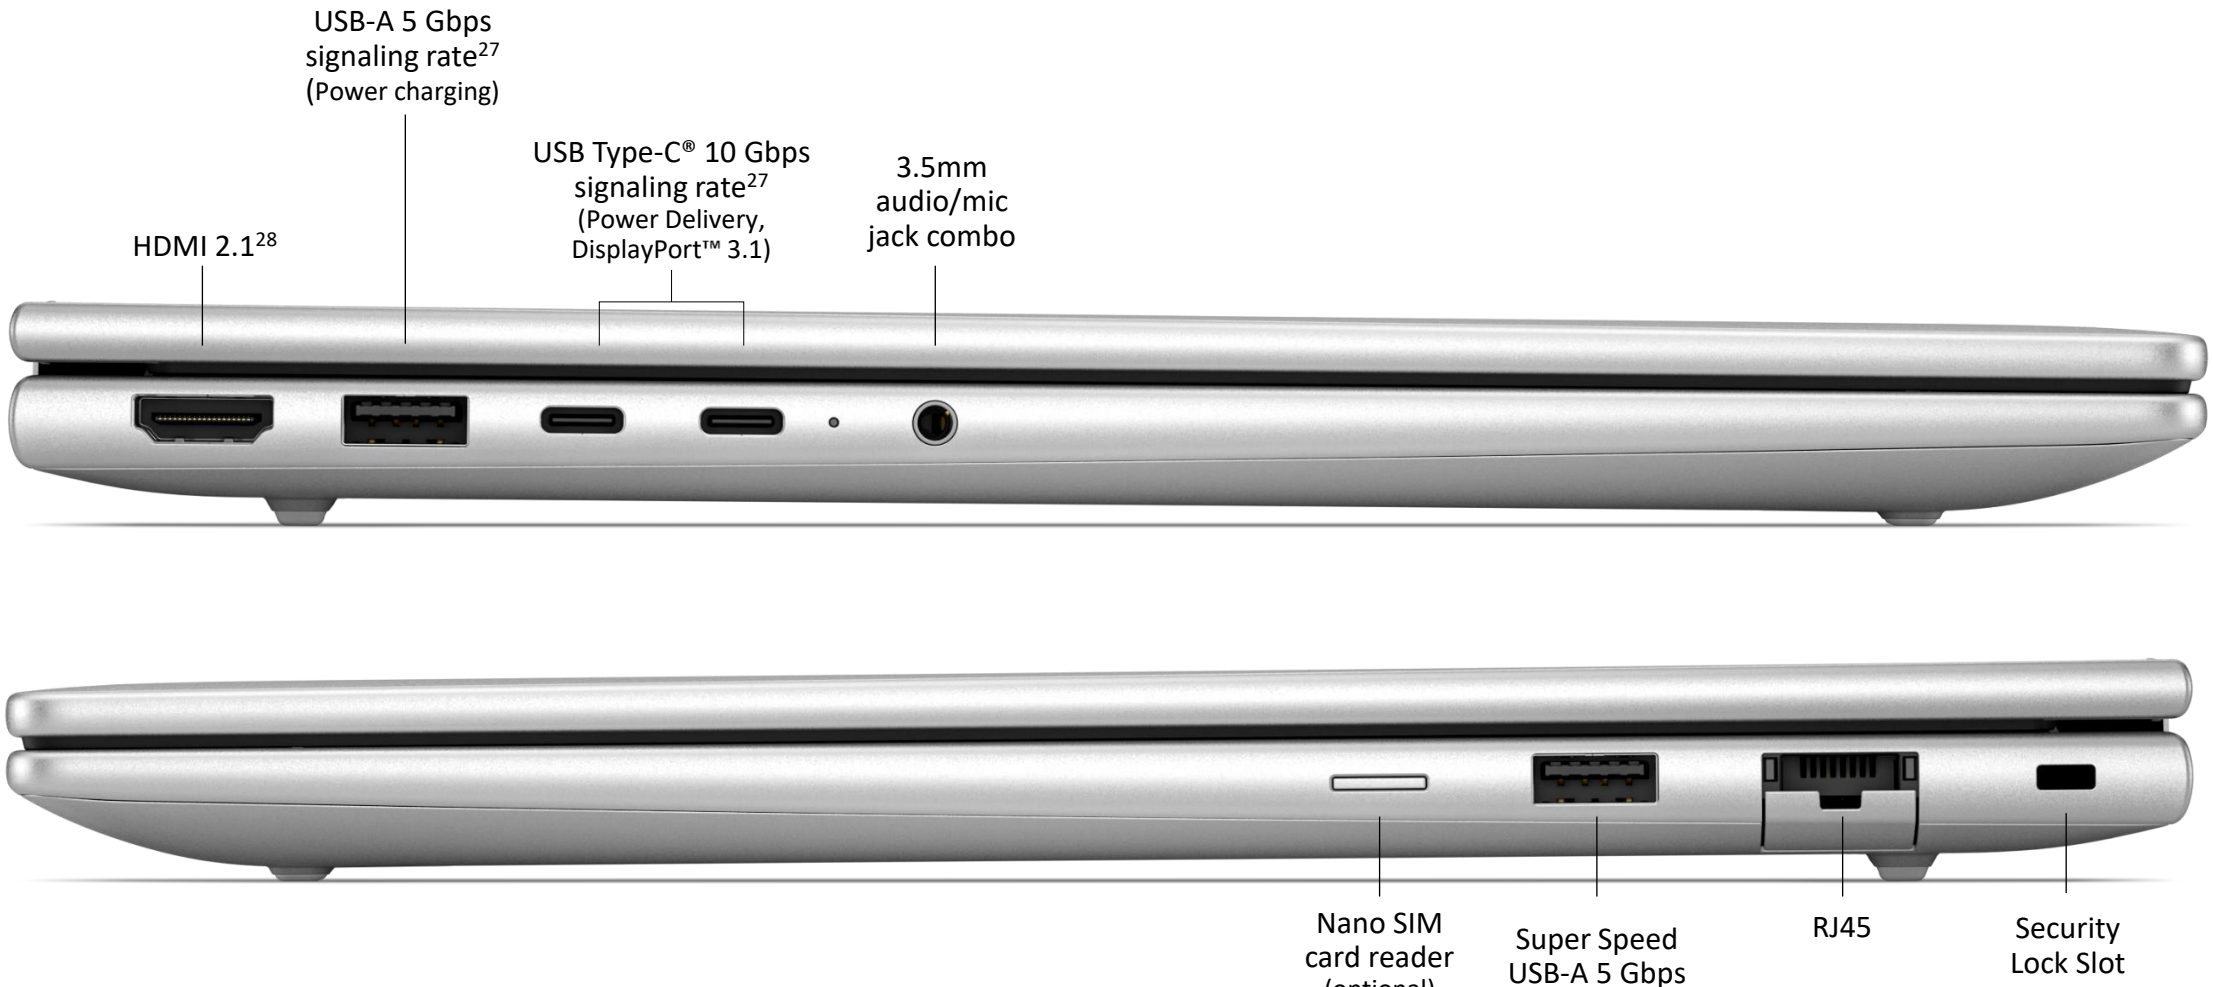

**Take notes & sketch ideas**

with the optional, garaged pen.[15]

# The smartest keyboard on earth

## HP EliteBoard G1a Next Gen AI PC

### AI Performance[2, 3]
Adaptable AI that works like you do

### Security[14]
Fortified against physical breaches

### Serviceability
Replace components on site

### Durability
Engineered for endurance

### Micro-Mobility
Take your desktop with you

HP Confidential. For use by HP or Partner with Customers under HP CDA only.

# Good for Frontline Workers

## HP EliteBoard G1a Next Gen AI PC

### Built to Last
Simple to fix and upgrade

### Simple Setup
Clutter-free desk experience

### Power delivery
Single USB4® [20] powers the PC[69]

AMD

Copilot+PC [52]

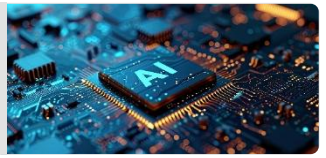

**Length:** 357.95mm **Width:** 118.50mm **Height:** ~17mm
**Weight:** ~676g[21]

### World's most serviceable keyboard PC[70]
Modular serviceability with quick access to SSD, memory, and cooling components, minimizing downtime and simplifying IT maintenance.

### 50 TOPS
Power AI On-Device[2]

### Sustainability
Some components made with **recycled materials**[23] and **designed for easy and quick repairs.**

### World-class protection
Part of the world's most secure PC portfolio[25]

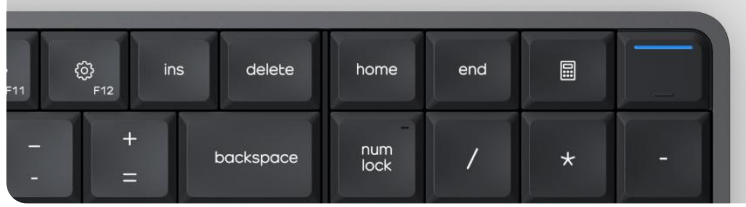

### Reliable connectivity
Using Wi-Fi 7 [18, 19]

### Amazing
typing experience

### A new design story
**A newly designed Keyboard PC that comes with a fully physical 10-key numpad,** compact 2-zone key layout, top mount lattice-less user replaceable backlit keyboard with 2mm travel. With a spillproof membrane and HP programmable key.

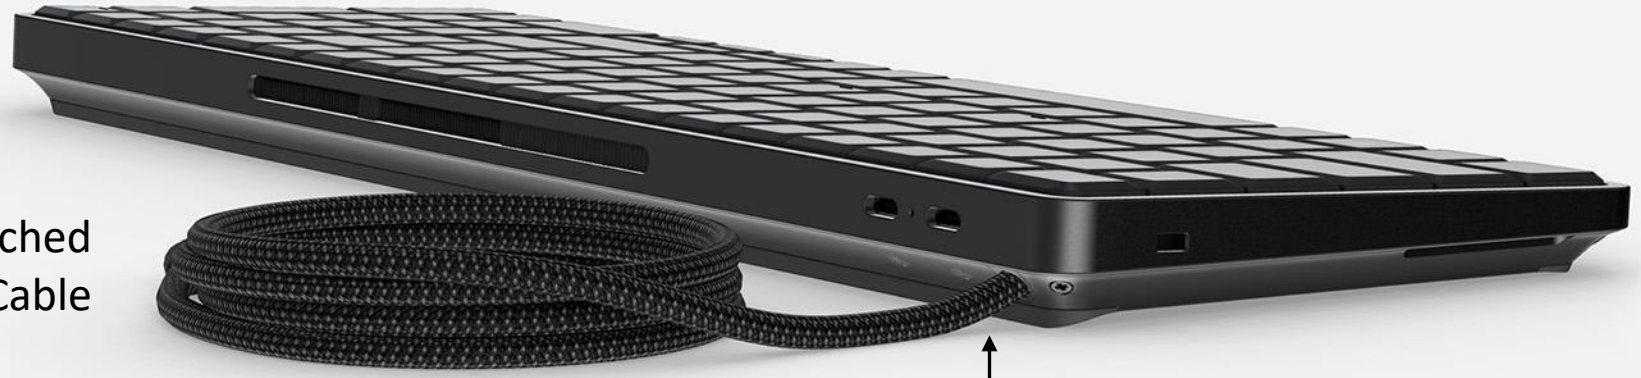

Optional **fingerprint sensor** [11]
built into the power button for easy and secure biometric login

HP Confidential. For use by HP or Partner with Customers under HP CDA only.

# Two ways to stay connected

Enhanced versatility with configurable options that match your specific use case and workspace

## Attached Cable

When you want your PC to be connected and secured to a specific workspace with no need for micro-mobility (hospitality reception, computer lab)

Attached cable connects to third internal USB4® [20] which frees up both external USB ports. [11]

## Detached Cable

When you want your PC to support hybrid users that move between stationary workspaces in the office and home office (lid-closed hybrid stationary)

Detached cable connects to external USB4® [20] port

HP Confidential. For use by HP or Partner with Customers under HP CDA only.

# Compact, light and flexible.

**Starting Weight**[21]

Starting at
676g / 1.49 lbs

**Dimensions**

358mm x 118mm x 17 mm
14.1 in x 4.7 in x 0.7 in

HP Confidential. For use by HP or Partner with Customers under HP CDA only.

# Power up your workspace

## Deliver seamless connectivity on a clutter-free desk

### Ditch the EPS adapter

Connect to a dock or power-delivery monitor with a USB4®cable[20]

### Built-in Battery [11]

Optional battery ensures zero downtime transitioning across hybrid workspaces

### USB4® power [20, 11]

An optional attached power cable ensures reliable data connection

HP Confidential. For use by HP or Partner with Customers under HP CDA only.

# Lowering shipping emissions

The EliteBoard G1a uses fewer raw materials and fits more units per pallet compared to traditional form factors.

## EliteBoard G1a PC
